## PRÉSENTATION DES SUPPORTS DU CONTRAT UNEP MS + ARRÊTÉ AU 31/12/2019

ORADEA VIE ne s'engage que sur le nombre d'unités de compte mais pas sur la valeur, celle-ci étant sujette à des fluctuations à la hausse comme à la baisse en fonction des évolutions des marchés financiers. Les Documents d'Informations Clés pour l'Investisseur ou à défaut les documents décrivant les caractéristiques principales de ces supports en unités de compte sont disponibles auprès de votre Conseiller.

Le support de référence en unités de compte venant en représentation d'actifs monétaires est BNP Paribas Trésorerie PC.

La performance nette de l'actif (A-B) est arrêtée au 31/12/2019.

La performance finale (A-B-C) s'entend hors frais sur versement ou arbitrage.

Les frais de gestion de l'actif (B) sont arrêtés au dernier exercice clos, lequel n'est pas nécessairement au 31/12/2019.

Les frais de gestion de l'actif sont prélevés par le gestionnaire d'actifs. La quotité de rétrocessions de commissions est la partie reversée à l'assureur. Par la suite l'assureur en reverse à son tour une partie au distributeur. Les frais de gestion du plan (C) sont prélevés par l'assureur.

Ces frais diminuent le montant de votre épargne et ont une incidence sur le rendement de votre investissement au fil du temps.

Ces performances ne préjugent en aucun cas des performances des années à venir.

Libellé	Taux brut de frais	Frais de gestion du plan	Taux net de frais pour le titulaire du contrat	Rétrocessions de commissions pour le distributeur
SECURITE EN EUROS	-	1,003%	-	-
